

HUMANISTIC KADDISH – Rabbi Sherwin T. Wine

Wonderful is peace in the world.

Let us create a peaceful world and let us establish its kingdom now and in the future.

May peace come to bless our lives.

May we always continue to honor peace in the world even though no praise can equal
the importance of its reality.

May peace and life prevail for us and for all humanity.

Let us work to create peace here on earth for all people.

And let us say, Shalom.
